Microsoft Power Platform

The low-code platform that spans Office 365, Azure, Dynamics 365, and standalone applications

Innovation anywhere. Unlocks value everywhere.

Power Apps: a low-code approach to building apps

- Easily build apps with a full featured low-code / no-code platform
- Connect to your existing data with 300+ pre-built connectors and custom connectors
- Store your data in the Common Data Service
- Integrated with Office 365, Azure, Dynamics 365, and Power BI
- Strong enterprise governance & security
- Pro-dev extensibility

AI Builder: intelligent apps and processes

Low code AI solutions for Power Platform leveraging the power of Microsoft AI

Bring your data from CDS, ADLSv2 or 280+ pre-built connectors and custom connectors

Customize Dynamics 365 AI offerings to specific schema and processes with AI Builder

Predictions available in Common Data Service for Power Platform and Dynamics

Pro-Dev extensibility and governance

What Can Power Automate Do?

Automation at scale

Seamless, secure integration

Accelerated productivity

Intelligent automation

Automation Platform for Your Organization

Automate across on-prem and cloud apps

Share flows like documents

Native integration with ecosystems your business is built on

Extensibility model

Automate across modern and legacy apps

Data connectivity

Natively built on the Microsoft Common Data Service

Intelligent automation infused with AI

Bridging Automation Across API and non-API based apps

Introducing RPA with Power Automate:

Automate Apps with Robotic Process Automation (RPA) Capabilities

Record the Task

Automate the Task

Execute the Task

Power Automate With Attended and Unattended RPA

Automation whether you're at your logged in or not

Attended	Unattended
Interactive acceleration	High volume back-end processes
Human initiated	Runs automatically
Logged in	Can log into system or machine

Introducing the UI flows Connector for RPA

UI flows
Connector

UI Power Automate Records User Actions of Legacy Apps

The User Can Edit the Recorded Actions
