Maximize GP Report on print to screen

Like when the smartlist left pane finally minimized!

Thanks to Shawn Dorward for suggesting this!

Reconcile GL option: Reconcile all years

Financial

For Each Company, you have to do this! (upgrades with many databases, ugh!)

How many of you have been on GP for over a decade

Add user-defined fields to Payables Transaction Entry

In GP 18.2 Long Description was added.

In 18.3 Additional Fields for Invoice UDFs are being added!

Possibly setup like the other AR UDF Fields?

Copy/Paste into Payables Transactions!

Will it work like the GL Paste here?

We'll have to wait and see

Add 1099 Box as a selection criteria in the Print 1099 window

Windi Epperson on 11/22/2019 3:46:00 PM

1099's for Non-Employees (box 7) have a different filing dates and the IRS suggests filing them in separate submissions. To facilitate this, you could add Box as a selection criteria in the Print 1099 window so box 7 1099s could be processed in a separate run.

STATUS DETAILS UNDER REVIEW

Lots of GPUG Open Forum Chatter on this one!

***Will be rolled back to GP 2016**

Add DBA Name field on Vendor Maint & 1099 form!

(Rolled Back to 2016)

Leslie Vail Post about modifying report layout.

Possibly add another field for DBA Name at top?

And more!

Other GP (18.3 Oct 2020 Features)

- User Defined field to GL transaction entry
- Disable system print dialog box when printing a Word Template
- Limit Excel Copy/Paste Decimals Places to Currency Setup
- Masking SSN on HR Reports
- More to come…

Pre-release code to partners/ISVs in August!
